GENERAL INFORMATION

The Application on the reverse side of this sheet is for use in requesting a search of the census records and an official copy of the personal information found which includes age, place of birth, and citizenship. This application should be filled in and mailed to BUREAU OF THE CENSUS, 1600 N. Walnut Street, PITTSBURG, KS 66762, together with a money order or check payable to "Commerce - Census."

Birth certificates, including delayed birth certificates, are not issued by the Bureau of the Census but by the Health Department or similar agency of the State in which the birth occurred. In most Federal Censuses, the census takers obtained the age at the time of the census (**not the date of birth**) and place of birth (**state, territory, or country only**) of individuals. Copies of these census records often are accepted as evidence of age, citizenship, and place of birth for employment, social security benefits, insurance, and other purposes. *Since the*

place of birth and citizenship were obtained only on a sample basis during the 1960, 1970, and 1980 Censuses, this information will not be shown on transcripts for those years.

If you authorize the Bureau of the Census to send your record to someone other than yourself, attention is called to the possibility that the information shown in the census record may not agree with that given in your application. The record must be copied exactly as it appears. Censuses are taken primarily for statistical, not legal purposes, and the records exist only on microfilm. Therefore, the Census Bureau is not in a position to make changes in them even though it realizes that enumerators may have been misinformed or made mistakes in writing down the data they collected. Those agencies that accept census transcripts as evidence of age, relationship, or place of birth usually overlook minor spelling differences, but would be reluctant to consider a record that was changed years later at an applicant's request.

INSTRUCTIONS FOR COMPLETING THIS FORM

► 1. Purpose

The purpose for which the information is desired must be shown so that a determination may be made under 13 U.S.C. 8(a) that the record is required for a proper use. For proof of age, most agencies require documents closest to date of birth, therefore we suggest you complete information for the two earliest censuses after date of birth.

► 2. Censuses 1900-1920

A system for filing names by sound is available for these census years. Information can be furnished in many instances when only the following information is given:

The name of the person about whom the information is desired.

The name of the city or county and State where the person resided.

The name of the head of the household with whom this person was living on the various dates of these censuses.

Additional information such as the names of brothers and sisters is helpful if it can be furnished.

► 3. Censuses - years 1910-1930-1940-1950-1960-1970-1980

The potential for finding an individual's census record is increased when the respondent provides thorough and accurate address information. If residing in a city at the time these censuses were taken, it is necessary to furnish the house number, the name of the street, city, county, and State and the name of the parent or other head of household with whom residing at the time of the census. If residing in a rural area, it is **very important** to furnish the township, district, precinct or beat and the direction and number of miles from the nearest town.

► 4. Confidential information given to other than person to whom it relates

(a) Census information for the years 1900 and on is confidential and ordinarily will not be furnished to another person unless the person to whom it relates authorizes this in the space provided or there is other proper authorization as indicated in 4(b), 4(c), and 4(d) hereof.

(b) Minor children

Information regarding a child who has not reached legal age may be obtained upon the written request of either parent or the legal guardian.

(c) Mentally incompetent persons

Information regarding persons who are mentally incompetent may be obtained upon the written request of the legal representative supported by a certified copy of the court order naming such legal representative.

(d) Deceased persons

If the record requested relates to a deceased person, the application must be signed by (1) a blood relative in the immediate family (parent, brother, sister, or child), (2) the surviving wife or husband, (3) the administrator or executor of the estate, or (4) a beneficiary by will, or insurance. In all cases involving deceased persons, a certified copy of the death certificate must be furnished, and the relationship to the deceased must be stated on the application. Legal representatives must also furnish a certified copy of the court order naming such legal representatives; and beneficiaries must furnish legal evidence of such beneficiary interest.

► 5. Fee required

The \$25.00 fee is for a search of not more than two suggested censuses about one person only. The time required to complete a search depends upon the number of cases on hand at the particular time and the difficulty encountered in searching a particular case. The normal processing time would require from two to six weeks. Since the fee covers return postage, do not send stamped self-addressed envelope with the application.

Not more than two censuses will be searched and the results furnished for one fee. Should it be necessary to search more than two censuses to find the record, you will be notified to send another fee before further searches are made. Tax monies are not available for the furnishing of the information. Accordingly, even though the information is not found, if a search has been made, the fee cannot be returned.

► 6. Full schedules (For Genealogy)

Upon request, a full schedule will be furnished. There is an additional charge of \$6.00 for each full schedule requested. The full schedule is the complete one-line entry of personal data recorded for the individual. The name of the head of household may also be shown, but the names of other persons will not be listed.

► 7. Signature

In general, the signature should be the same as that shown on the line captioned "full name of person whose census record is requested." When the application is for the census record concerning another person, the authority of the requester must be furnished as set forth in instruction 4 above. If signed by marking (X), please indicate the name of the person whose mark it is and have witnesses sign as instructed.
