# PENDLETON DISTRICT NEWSLETTER

Volume 9 No. 1 JANUARY 1995

## PRESIDENT'S MESSAGE

If you are wondering why you're getting your newsletter from Newport News, Virginia, it is very simply "Gerrymandering!"

**Dell Millar** and a few of his "conspirators" elected me President using all sorts of political promises as "it's the easiest job in the Club - all you have to do is show up and the other officers will do all the work". Boy - did I fall for that one! Dell, with your smooth words I expect you to be running for at least Governor and maybe Senator for South Carolina very soon. Seriously folks we all owe **Dell and Judy Millar** a vote of thanks for the great leadership and work over the years - they deserve a well earned rest. **Judy** - I know you are the one that did the really hard work. The fact that we couldn't get any one to replace you right away indicates that everyone knew it was the most difficult job. All I can say is **Thank You very much** to both **Judy and Dell** - (and please - both of you - keep me out of trouble!?)

You note that the position of Editor is vacant - that's the bad news - the good news is that we actually have someone who is willing to do it. (Bless her!) I will place the name before the membership for a vote at the January meeting. Since we didn't have an Editor last meeting, I volunteered to mail out a newsletter. This newsletter is the result of the kindness of **Anne Sheriff**, our State Representative and my brother-in-law **Herman Geschwind** who took pity on me (both independently of each other) and sent me material. Since both had material of interest this issue is larger than usual.

Note that our membership is increasing. If you can help any of these new members please do. Obviously many people from all over the country have Pendleton District roots. Anne Sheriff has included material and order blanks for the forthcoming Heritage books for Oconee and Pickens County. These are both getting down to the wire. If you are interested in having your

family history published, please read the three pages on the Heritage books. One page shows a sample of the format desired. The Heritage Book Committee in Oconee and Pickens Counties are publishing the Heritage book. Please note that Genealogical (Pedigree) charts and tabular material cannot be accepted.

---

**“REMEMBER”**

You're not getting older, you're just getting better! Remember - old age is a privilege not granted to everyone !

---

Joe “All I have to do is show up” Looper

1995 DUES ARE NOW PAYABLE. PLEASE USE THE APPLICATION FORM ON THE  
BACK PAGE. BY PAYING NOW IT WILL INSURE YOU OF UNINTERRUPTED  
MAILINGS OF ANY PUBLICATIONS.

**To all members: a note for your consideration**

- 1.If possible **please send me your full legal name and address**. If you send the **full 9 digit ZIP** code it should help speed up delivery-ie:23601-2215 rather than 23601. Your postman or postoffice can give you this number. In typing the mailing list I noted very few addresses had full ZIP codes. Your help would be greatly appreciated. Since we're all in the Genealogy game together, we're aware how difficult it is to locate female maiden surnames. Would it be too much to ask the ladies to include their maiden surnames as a middle name or am I being too chauvinistic? Please let me know.
2. How about sending us your **pedigree chart** ? (or as Robert Dodson reminds me constantly, your **lineage chart**.) 4,5. Or 6 generations-it doesn't matter as long as it is a one page chart. If it is not complete just write “HELP ?” in the blanks. Some of our members may be able to help fill in the blanks. I'll try to see that all get published even if I have to subsidise it.
3. **Any ideas or suggestions** to make our newsletter **more useful** to our members is **most welcome**.

Joe “Bones” Looper

**The following is from**

**Patricia Hoyt, PO Box 11674, Prescott AZ, 86304**

### NEW RECORDS FROM THE LDS

On the next three pages in the summer "News of the Family History Library". This was down loaded from Compuserve - it is available to anyone who has a computer with a modem. What should be of extreme interest is the new German acquisitions. Some of these have not been available until the opening of East Germany and Russia in recent years.

Since many people in the Walhalla community are of German descent, they should be of particular interest to them. Also explained are passport application and microfilm and microfiche policies. A catalog is available. You should check with your nearest LDS Family History Center for more details.

News of the Family History Library is published four times yearly by the Family History Department of The Church of Jesus Christ of Latter-day Saints. ISSN 1052-8644. Not available by subscription. General information about the hours and services of the Family History Library is available at 801-240-2331.

Comments are welcome. Please address them to Family History Library, ATTN: Editor, News of the Family History Library, 35 North West Temple Street, Salt Lake City, Utah 84150.

### 1994 CATALOG AVAILABLE

The 1994 Family History Library Catalog(TM) on microfiche is now available for sale to the public. The new catalog on microfiche features:

- An easier-to-read type font.
  - About six percent more catalog entries.
  - An improved layout that reduces the number of fiche by 14 percent from the 1993 catalog. This means the 1994 edition costs less.
- To order the catalog on microfiche, see "Microform Sales Policies," in the next column.

### NEW CATALOG INSTRUCTIONS

A new booklet titled Using the Family History Library Catalog(TM) teaches about both the microfiche and FamilySearch(R) compact disc editions of the catalog. The instructions are shipped free with larger orders for the catalog or can be ordered separately for \$.75 from the Salt Lake Distribution Center (item number 30966).

### NEW GERMAN ACQUISITIONS

#### German Pedigrees

Half a million German pedigrees, mostly dating from 1650 to 1850, are available on microfilm at the Family History Library and through family history centers. Many pedigrees are hundreds of pages long. The collection, titled Die Ahnenstammkartei des deutschen Volkes (The German Pedigree Card Index), includes:  
- 638 index films (listed under Family History Library Catalog computer number 688651). This is a handwritten, phonetic index. It is on 2.7 million cards and arranged by the wife's married name.

- Over 600 pedigree films (listed under Family History Library Catalog computer number 677728).

A detailed introduction to the collection, written in German, appears on microfilm number 1,799,712, item 3. The Family History Library Catalog contains a briefer explanation in English.  
Germans in Russia

Also available are 135 new microfilms about Germans in Russia. The German Protestant Church [Evangelische Kirche] of Russia was organized into several consistories and headquartered in St. Petersburg.

The new microfilms contain 274 volumes of the consistories' church record transcripts stored at the Russian State Historical Archives. These records are from German settlements in Ingermanland (the area near St. Petersburg), the Black Sea, Bessarabia, and the Crimea for the years 1833 to 1885. The films are listed in the Subject section of the Family History Library Catalog under

## MICROFORM SALES POLICIES

The Family History Library and the Genealogical Society of Utah acquire microfilm and microfiche for use in our library and centers. We are not a sales organization, but where it is contractually permitted, we have at times sold microfilm to institutions. In order to ensure clarity and consistency on those few sales occasions, the Genealogical Society of Utah has recently clarified the microform sales policy:

Selling microform is not the purpose of the Genealogical Society of Utah. However, we will sell some microforms if the following conditions, and all conditions listed on the order forms and instructions, are met. We reserve the right to refuse any order.

### Microfiche

The only microfiche that individuals or organizations can purchase are the International Genealogical Index(TM) and Family History Library Catalog. Orders must be received in the Microform Sales Unit (address below) on the correct order forms and must be prepaid.

- To order Family History Library Catalog fiche, use form number 31874.

- To order International Genealogical Index fiche, use form number 31791.

These forms are available from the Microform Sales Unit (address below) and from family history centers.

### Microfilms

Copies of many microfilms in the Family History Library are available for purchase by archives, libraries, universities, and nonprofit genealogical and historical societies for the purpose of building their collections. Written permission from the record owner/custodian is normally required to purchase microfilms. Microfilms are not available for purchase by individuals.

### Orders and Payment

All microform orders must be received in writing and must be prepaid by check. The Family History Library and family history centers are not allowed to accept orders or payment for the purchase of microforms. All orders, inquiries, and payment must be directed to:

Family History Department  
ATTN: Microform Sales Unit  
50 East North Temple Street  
Salt Lake City, Utah 84150

## A CORRECTION

In the previous issue of the News of the Family History Library we printed an incorrect telephone number for GeneSys, the company that distributes FamilySearch to libraries and institutions. We apologize for this error. The correct number is 1-800-388-0266.

## U.S. PASSPORT RECORDS

The Family History Library now has more than 2,150 microfilms of United States passport records from the National Archives and Department of State. These records are travel documents "attesting to the citizenship and identity of the bearer."

The first extant passport given to an individual is dated July 1796. Passports generally became more popular in the late 1840s. Until the outbreak of World War I in 1914, United States citizens were generally allowed to travel abroad without passports. After that, people of all walks of life used passports. By 1930 the United States government had issued over two and a half million passports. Between 1800 and 1929, the number of passports issued was as

follows:

1800 to 1909	457,200
1910 to 1919	384,000
1920 to 1929	1,828,000

### Passport Applications

To receive a United States passport, a person submitted some proof of United States citizenship. This proof was usually a letter, affidavits of witnesses, and certificates from clerks or notaries. By 1888 separate application forms existed for native citizens, naturalized citizens, and derivative citizens.

Passport applications may contain information about the applicant's family status, birth date and place, residence, naturalization (if born in another country), and other biographical information. Twentieth century applications often include marriage and family information as well as dates, places, and names of ships used for travel.

Each passport application series is arranged chronologically. A number is assigned to most applications. For some years registers, but no actual applications, are available. To find a particular application, use the registers and indexes to identify the application date and number (where applicable).

### Available Records

The microfilmed passport records, registers, and indexes are available at the Family History Library and through family history centers. The records are arranged in sets and listed in the Locality section of the Family History Library Catalog under UNITED STATES-EMIGRATION AND IMMIGRATION. Some of the more significant sets are listed below:

Announcing the  
Forthcoming Book!

# THE HERITAGE OF OCONEE COUNTY, SOUTH CAROLINA, VOL. 1

... "and departing leave behind us, footprints in the sands of time." So wrote Henry Wadsworth Longfellow in "Psalm of Life." But didn't he know how quickly those footprints are erased? Each of us is marching through time. What can we do to leave something behind?

## HERE'S OUR SUGGESTION:

YOU AND YOUR FAMILY ARE IMPORTANT to the Oconee County Heritage Book Committee, so important that we cordially invite you to assist in the publication of our county history book!

ALL FAMILIES WITH RESIDENCE, FORMER RESIDENCE, OR ROOTS IN OCONEE COUNTY are asked to submit their family history to be published in 1995. STORIES OF 500 WORDS AND ONE PICTURE WILL BE PRINTED FREE FOR EACH HOUSEHOLD. DEADLINE FOR RECEIPT OF THESE STORIES IS JANUARY 15, 1995.

In addition, if your ancestors were in Oconee County by or before 1900, you may submit a free 500-word story and picture (one per household) which will be considered by the committee for publication.

## DIRECTIONS:

1) Story to be TYPEWRITTEN DOUBLE-SPACED\* on 8½ x 11 white bond paper (do not use onionskin) with **WORD COUNT, SOURCES, NAME AND ADDRESS OF PERSON SUBMITTING STORY** at the end of your article (as shown on page 2). \*Call a Committee Member if you need assistance with writing or typing your story.

2) It is best to submit black and white photos; however, we will accept 35mm color or studio quality color prints. NO PHOTOSTATS OR FADED POLAROIDS WILL BE PRINTED. Identify your photos with a return address label, or print lightly on the back, including phone number. We make every effort to return your photo, but ask that you NOT SEND ANY irreplaceable ones. Please have copies made, and submit one of those. (Note: We will accept any size photo up to 8 x 10, but these will be reduced to 1 column width, unless you make additional payment as detailed in paragraph 4). ## EPISCOPAL CHURCH OF THE ASCENSION

### The Blue Ridge Arts Council Gallery

Of the three original church buildings erected in the 1880's, the Episcopal Church of the Ascension, located at East South Second and South Townville Streets, is the only one still standing. It is now the Gallery of The Blue Ridge Arts Council.

First efforts in the formulation of an Episcopal congregation in Oconee County were the results of labors by the Rev. Andrew H. Cornish, Rector of St. Paul's Episcopal Church in Pendleton, some twelve miles east of Seneca. While serving the Church in Pendleton he made frequent visitations to Episcopalians living in Oconee County who had moved into the mountain section from South Carolina's low-country and areas of Virginia. In 1854 Mr. Cornish reported semi-monthly services on the plantation of Ransom Calhoun in the Keowee section of Oconee County. In a report Mr. Cornish states that he held services in Seneca City for the first time in 1857, two services that year. In 1858 he reported holding fifteen services in Seneca City.

In November, 1877, the missionary efforts in Oconee County were taken over by the Rev. Thomas F. Gadsden, Rector of Grace Church in Anderson, South Carolina. In April, 1878, he began holding regular monthly services in a structure located in Seneca City called the Union Building, a building where all denominations took turns holding worship services.

The Rev. Mr. Gadsden reported in his annual report of May, 1879: "Our little band of 30 souls are hoping to get a lot and build a Chapel, but the prospect is not encouraging." In 1881, after the donation of one lot by Dr. Doyle and the purchase of another, Mr. Gadsden wrote: "We have an eligible lot. Hope to build this summer a Chapel seating 100 persons, and costing about \$500.00." In his annual report of May, 1882, the Rev. Mr. Gadsden says of the Chapel: "After four years of waiting, during which we worshipped in a Union Building, we have built a neat Chapel at a cost of \$500.00."

The Episcopal congregation built a new church in the early 1980's and the old church was purchased by the Oconee Associate Reformed Presbyterian Church in 1983. In July, 1987, the president and treasurer of The Blue Ridge Arts Association signed an agreement to purchase the historic building from the Presbyterians.

"A building of such essential simplicity is rarely found," stated Vernon S. Hodges, (deceased) professor of architectural history at Clemson University. He added, "Because it makes the complete statement 'church' it is timeless . . . it is worthy to appear among the best in the state." The building is in the National Register of Historic Places.

The Blue Ridge Arts Association was organized in September, 1966. The association's name was changed to The Blue Ridge Arts Council in 1994. With a membership over 300, the object and purpose of the organization is to stimulate interest in and promote the arts and humanities including visual and performing arts, handicrafts, literature and other artistic and cultural endeavors, together with related cultural and educational programs. (500 words) Submitted by Billie Chapman. Note: Since this article is over the 250 word limit, a fee of 10¢ per word applies to 250 words.

## VIRGIL ALLEN MITCHELL

Virgil Allen Mitchell was born April 21, 1914 at Six Mile. He is the son of Elbert Allen and Mozell Davis Mitchell. Their parents were Abner and Theresa Mauldin Mitchell and Reverend Joseph Robert and Ida Cox Davis. On March 24, 1937, Virgil married Mary Luck Parks of Pisgah, N.C., a classmate at Central Wesleyan College. She is the daughter of Walter and Fleta Luck Parks. Virgil and Mary are the parents of Walter Allen (died in auto accident); Marilyn Luck (Mrs. Alton C. Hollingsworth); Martha Theresa (Mrs. James S. Funnell) both of Ann Arbor, Michigan; and the grandparents of Alton Allen Hollingsworth and Adrain Allen Funnell.

Virgil grew up on a farm and experienced the rigors of hard work. Due to the poor health of his father, he was assigned extra responsibilities to help support a household of nine, and sometimes ten, when each grandmother lived in the home on different occasions.

Virgil and Mary Mitchell, 1994

He graduated from Six Mile High School in 1934 having been voted "the most studious, courteous, and talented" male member of his class. He and Mary graduated from Central Wesleyan College in 1937, and he taught the sixth grade at Six Mile School for a brief period. While in college he was president of the student body and filled other important positions. In 1943 Virgil graduated from Central Wesleyan College with a Th.B. degree. He received a Doctor of Divinity Degree from Houghton College, Houghton, N.Y.

Highlights of Virgil's career include: pastor from 1937 to 1949, teacher at Central Wesleyan College, District Superintendent of the Wesleyan Churches in S.C. from 1949-1957. Numerous other posts were held until 1963 when Virgil was elected a General Superintendent of the Wesleyan Church, supervising and ministering to churches in 30 countries. At age 70, Virgil retired and was named General Superintendent Emeritus. He and Mary continue to be active in church, community, civic and educational activities. They believe that accepting life at whatever level God allows one to live it, enables one to face retirement with a sense of fulfillment, not frustration and regret. (343 words) Note: this is an abbreviated version of the Mitchell family story. A more complete account will be included in the forthcoming heritage book. Submitted by Martha Mitchell Funnell, 1700 Morton Ave., Ann Arbor, MI 48104. Sources: S.C. ## THE MATHESONS OF LONG CREEK

George Gustave (Washington) Matheson of Long Creek, South Carolina, was born in North Shields, England, October 14, 1862. George immigrated to America and Oconee County prior to 1885, accompanied by his father, Thomas Matheson. Soon after coming to America, George Americanized his name by changing his second name, "Gustave" to "Washington." Subsequently, all his signatures reflect his adopted name, George Washington Matheson.

George and Mary Ann Matheson

George was the youngest of eight children born to Margaret Green (1828-1873) of North Shields, England and Thomas Matheson (1817-1901) of Edinburgh, Scotland. George's parents were married at St. Nicholas Cathedral in the parish of St. Nicholas in Newcastle on the Tyne River, England on October 2, 1849.

The first documented account of George in Long Creek was when he signed the deed as a witness when his father purchased 250 acres of the 288-acre Jeremiah Roach plantation in Long Creek January 20, 1885. Jeremiah Roach was the original recipient of this acreage through a land grant on June 18, 1842, signed by J.R. Richardson, Governor of South Carolina. With the exception of 5 acres sold to Oconee County for erection of the Long Creek Elementary School, now the Long Creek Community Building, all the land remains in the Matheson family of descendants. Soon after Thomas purchased the acreage he returned to England, leaving the land to George, who remained in Long Creek. Thomas died at Harrogate, England, in 1901 at age 84.

Five years after the land purchase George married Mary Ann Shed on March 20, 1890. The 180-acre Shed farm was adjacent to the Matheson land in Long Creek, so George only had to travel a short distance to find a bride. Seven children were born to this union; Charles Edward (1891-1975) of Long Creek, Bertha M. Cox (1892-1967), Thomas Harold (1895-1978) of Fairplay, Ethel M. Long (1897-1969) of Westminster, Laura M. Thrift (1899-1985) of Long Creek, Donald Parker (1903-1975) of Mountain Rest, and Nelson B. (1906-surviving) of Long Creek.

George, educated in England, was a community leader and a merchant. He established Matheson's Store in Long Creek after farming and teaching students of all ages in area schools. The store soon became the center around which the community of Long Creek revolved. George was appointed Postmaster on December 3, 1920 and opened a post office in the store. He served 17 years until November 27, 1937 when he suffered a stroke and retired. He died on July 13, 1941, at age 75, and is buried with other family members in the Long Creek Baptist Church Cemetery. After George's retirement various other family members served as Postmaster until June 30, 1964.

George and Mary Ann Matheson are ancestors of hundreds of descendants, many of whom reside in Long Creek and throughout Oconee County. Other descendants of this couple are literally scattered from coast to coast. (469 words) Submitted by Louise M. Bell.
