Division of Pickens. Page 2. Column 1-2. We publish below, the ordinance which passed the Convention, by an overwhelming majority, dividing Pickens into two judicial and election Districts—the Western District to be called Oconee, and the Eastern to retain the ancient name of Pickens. It will be seen from the ordinance that six Commissioners have been appointed in each new District, who are to select the localities of the Court House, make purchases & etc. These are gentlemen of integrity and discretion, who, we hope, will take advantage of the opportunity, afforded them to display their good taste and judgment. This age can certainly improve on the present selection. By a judicious course, they can also save the State much additional taxation. This is a measure long looked for and much desired by the majority of the people of the District and while it may be regretted at the present by some, yet we sincerely hope that it will ultimately prove success, and redound in the increased prosperity of both sections.

The following is the Ordinance as passed by the Convention:

We, the People of South Carolina, in Convention assembled, do declare and ordain and it is hereby declared and ordained, That Pickens District is divided into two Judicial and Election Districts, by a line leaving the southern boundary of the State of North Carolina where the White Water River enters this State, and thence down the center of said River by whatever names known, to Raveniel' a Bridge, on Seneca river, and thence along the center of the road leading to Pendleton Village and is intersecting the line of the District of Anderson. "That the Territory lying east of said line shall hereafter constitute the Judicial and Election District of Pickens and the Territory lying west of said line shall constitute a new Judicial and Election District called Oconee District. [Will finish in another edition.]

That Jas. Lewis, Jas. H. Ambler, J. E. Hagood, W.T. Field, Reese Bowen, and Thomas Price . . . **Wesley Pitchford, W.E. Holcombe, Bry Fretwell, M.F. Mitchel and Dr. O.M. Doyle** be appointed Special Commissioners to select proper site, and locate and erect a Court House and Jail for **Oconee District**, which shall be either at **Walhalla** or some point on Town of Walhalla between that place and **Perryville**. Section 4. The two Boards of Commissioners acting together are authorized to sell the present Court House and Jail, with the public grounds of Pickens District and money same to the State; the proceeds shall be divided between the two Districts.

February 15, 1868.

Being desirous of changing my business, I propose to sell my farm known as the "Lay Place" lying on the north fork of Little River, in **Cheohee Valley** and 13 miles from Walhalla. 250 acres. Good dwelling house containing 6 rooms, all necessary outbuildings including blacksmith shop. There are, also, four other settlements on the place, now occupied and being improved by tenants; also good grist mill, in excellent order, with a fine custom. This farm lying at the foot of the mountain, contiguous to a range extending for miles offers rare inducements to stock grower. It is within two miles of **Kuhtmann's Gold Mine**, and has been examined and tested by four experienced miners, all of whom pronounced specimens—found in several places—as rich as ever found anywhere. The **GOLD** is here to show for itself and miners are invited to come and see. Also for sell is mules, 3,000 bushels corn, peas, hay, fodder, shucks, wagons, farming implements, stock of cattle and hobs, household and kitchen furniture, etc. **W. R. Smith**. Inserted in newspaper on 10 Feb 1868.

Article on **John C. Calhoun**. "It is still owned by his family, though repeatedly advertised in the district papers to be sold for debt. **Mr. Calhoun** left a considerable property, but the estate owning a large number of Negroes, and a great amount of money having been invested in Confederate bonds, little or nothing would have remained to those who bear his name but for **General Canby's** homestead law." "My friend, **Mr. Smith**, came from New England some time before the war; his means were so limited that himself and family were employed as hands in one of the factories of a neighborhood village. Some fortunate speculations, of which the proceeds were immediately and judiciously invested, enabled him to acquire wealth very rapidly. He now owns over \$50,000 worth of property, lives in a pleasant residence not far from the village, and is doing business which, bids fair rapidly to increase his wealth and resources."

Plat of Samuel Taylor, 640 acres, east side of Keowee River. 27 May 1784.

BLOOD RED RUNS THE SACRED KEOWEE!

Cherokees fought valiantly to save their lands from encroaching settlers across their Appalachian Mountain homeland. The tragic 1700s era, pitting desperate Indians against encroaching whites, comes vividly alive. Despite two wars of fierce defense, Indians eventually lost in treaty after treaty. Many Indian villages were burned and thousands of people left to starve in freezing, winter-clad mountains. The Lower Cherokee Nation capital "Keowee" and Fort Prince George on Keowee River were at the epicenter of this horrible, four-state wide war. 8 1/2 x 11, 200 pages, 200 illustrations, in hard cover. Searching for Information on Davis and Carnes/Karnes

I am looking for information on the family of my GGG Grandfather **Thompson Davis**. He was born 26 March 1826 (or 27). According to family history, he was born in Greenville, but Anderson is listed as his birthplace in the 1860 Census. His father was a **Thomas Davis** married to possibly to **Jane and/or a Miss Boggs**. They were said to have a plantation near the Saluda River. Thompson's siblings were **Elizabeth (1832)**, **Joseph (1834)**, **Mary (1841)**, and **Louisa (1843)**. Thompson married **Elizabeth Purilla* Carnes (Karnes)** on 2 Dec 1850 or 1851 in Greenville. She was born 1 Aug. 1831(36). Her parents were **John and Emily Carnes**. She had a brother named **John**.

In the Pickens 1860 Census, **Thompson Davis** is listed as a farmer along with his wife and their first 3 children: **James R.** (age 5), **Christian G.** which is incorrect for **Christina J.** (female, age 4) and **John** (age 1). Christina is my GG Grandmother. Anderson is listed as their birthplaces except for John who was listed in Pickens. Two other children **Emily (1861)** and **William Levi (1866)** were born in SC before the family moved to Alabama after **Thompson** returned from the War. He enlisted in Pickens in Crawford's Co. B of the 2nd SC Rifles. His military records are very interesting!

An interesting story published in an Alabama family history book notes that during the War, after the Yankees destroyed all the owned, Elizabeth and her four children "had to move on to old man **Bob Craig's** place." I know Thompson and his family ended up in north Alabama. I am hoping to locate information on Thompson and Elizabeth's parents and siblings. I would love to verify any of the dates and places as well as learn more about any of these family members.

In 1908, a group of local physicians issued the following list of charges for various medical services. It was an attempt to discourage reliance on the old barter system whereby doctors' patients offered as payment such items as hams, chickens, eggs, vegetables and fruit, rather than currency.
